

OUR FAITH@HOME COVENANT (10/25/10)

WE BELIEVE that what matters most is getting Jesus into the hearts and homes of the people who come to our church.

WE BELIEVE that **the home is the most important place where faith is to be nurtured** and that the home is the most important mission field for every believer in Jesus Christ (Deuteronomy 6:1-4).

WE BELIEVE that every believer has a place they call home and that God intends for Christ to be at the center of every home no matter what their life circumstance are. This is true whether a person is single, married, widowed, with children in the home, with children grown or no children at all.

WE BELIEVE that the most effective place for the gospel to be known, lived and proclaimed to the world is from the home. When converted men and women fulfill their god-given role of making disciples at home, generations are transformed and the gospel is spread exponentially.

WE BELIEVE the most effective way to reach the world is by reaching each home.

It is for these reasons that we intend to covenant as a congregation to become a Faith@Home Church. We will be a church that seeks to mobilize all of its ministries and resources in order to build godly homes that will impact the world for generations.

THEREFORE, the leadership of Crosslake Evangelical Free Church commits itself to develop ministries, strategies, tools and resources to assist the home in being the primary place where faith is nurtured. Our church is committed to helping men and women to make Christ the center of their homes and build godly homes that can impact the world. We will do this by focusing all of our resources and energies to equip every person to...
